MEMORANDUM

TO: All State Agencies and Political Subdivisions- Department
Undersecretaries: Purchasing Directors; Business Managers;
Colleges and Universities, Boards and Commissions

FROM: Denise Lea, Director

DATE: August 2, 2005

RE: State of Louisiana Equipment Maintenance Management Program

The following are clarifications to the Louisiana Equipment Maintenance Management Program, Contract Number 406092. Please continue to process all maintenance orders for equipment as well as follow the procedures previously outlined in the Commissioner's memorandum dated April 13, 2005 and subsequent memorandum from Denise Lea dated June 2, 2005.

- The contract has been modified to one line with a 0% discount. Contract Line 00001 covers both categories: General Office Equipment at 32% and General Medical at 25% discount. The purchase order should be issued at Specialty Underwriter's discounted quoted price. A detailed list of all equipment must be attached to the purchase order.
- Software maintenance is excluded from this contract.
- All hardware maintenance should be forwarded to Specialty Underwriters, LLC for review and analysis, regardless if a determination is made by the Agency not to utilize the Equipment Maintenance Contract.
- At this time, Information Technology Hardware Maintenance for Mission Critical Equipment can continue to be handled in accordance with LAC 34:I Chapter 55, Section 5507.
- Additional exclusions include Environmental Testing, Leases/Rentals, Monitoring, Preventative Maintenance only contracts, and equipment that must be certified.

- Consumables and any standard exclusion which is outlined in existing OEM or Independent Service Provider preventative/corrective maintenance agreements are excluded.

1. Consumables, software and/or specified equipment exclusions may be purchased by the agency in accordance with the Small Purchase Executive Order KBB 2004-30 and made readily available to service provider.
2. If excluded consumables are to be provided by the service provider, pricing for excluded consumables shall not exceed the manufacturer's then current list price. The respective discount will be applied to the maintenance cost only and the estimated cost for annual consumables will be added into the annual discounted maintenance.

This is an option and not a requirement. If an agency chooses this option and exceeds the estimated quoted amount for consumables, they should acquire the additional needed supplies in accordance with the Small Purchase Executive Order KBB 2004-30 or relevant procurement statutes and regulations.

Consumable charges exceeding quoted dollar amount will not be paid by Specialty Underwriters. Advanced notification will be made to Agency prior to exceeding estimated consumables dollar amount. Please be conscientious of dollar amount quoted.

- For equipment requiring Preventative Maintenance calls other than during corrective maintenance calls, agencies should contact and request Specialty Underwriters to schedule a specific date and time for performance of preventative maintenance. Agencies should assure that preventative maintenance calls are being completed as requested.
- Any preventative maintenance calls that exceed the quoted/contracted number of call-outs will not be covered. Specialty Underwriters will provide an up-to-date Reimbursement Reports monthly detailing all service calls performed on covered equipment for the contract period. It is the responsibility of the Agency to assure that they are not requesting additional non-covered preventative maintenance calls.
- Specialty Underwriters will compose a letter to inform the previous maintenance vendor of billing and call out procedures, covered equipment, along with contact information. (see attached sample of non-renewal/cancellation letter).

1. Specialty Underwriters will email the letter and equipment list to agency for review. After approved, Agencies will electronically forward a copy of their letterhead, for this purpose only, to Specialty Underwriters. SU will in turn print the approved letter on agency letterhead and mail back to agency, along with equipment list and prepaid certified mail receipt for signature. Agency representative will sign letter and mail as certified receipt.
 2. Agency is to review the equipment list along with the letter for accuracy before signing and mailing to the previous maintenance vendor.
- An In-House Reimbursement feature is offered by Specialty Underwriters. Any preventative or corrective work performed by any State employee will be credited to the Agency at \$50.00 per hour. If the item being repaired includes parts coverage, then the cost of the eligible part will be reimbursed as well. "In-House Service Report" must be completed and forwarded to SU for credit. (see attached In-House Service Report)
 - Equipment may be added or deleted during the contract period by phoning Pam Huth, Specialty Underwriter Account Manager, at 800-558-9910. However, an email confirming change or a completed "Account – Add/Delete/Change Form" must be forwarded via fax to 414-281-1111 or mail before change can be finalized. (see attached Add/Delete/Change Form)
 - Specialty Underwriters provides twenty-four hour, seven days a week service, including holidays, on any covered equipment. Dispatch center at 800-833-7050 is available from 7:00am to 5:00pm, CST, Monday through Friday. If service is required after 5:00pm, the agency is prompted to leave their pertinent information, which activates a pager to a designated dispatcher engineer. Agency is contacted and preferred vendor is dispatched if after hour service is available. If not available, the service call is placed immediately the following morning.
 - Broader protection for repairs, which could be caused by: power surges, human error, or air conditioning failures.
 - Servicing vendors are to be selected by agency, not Specialty Underwriters. If the Agency requests a change from initial servicing vendor, a written request must be forwarded to Specialty Underwriters, including equipment description and tag number.

- Servicing vendor must send Specialty Underwriters a "service ticket" before payment can be rendered. If a "service ticket" is left with the Agency, the Agency is to fax the ticket to Pam Huth, SU Account Manager, at 414-281-1111 as soon as possible to assure that payment to the vendor is made timely.
- Specialty Underwriters offers a number of forms to assist the Agency in their internal implementation process, as well as provide contract information. These form letters can be provided by Specialty Underwriters to the Agency's Program Coordinator, who will disburse to their end-users. For example: Tagging Notification Memo and Start Date Memo.

A revised covered equipment list, exclusion list and Specialty Underwriter's contact information has been attached for your convenience. For contract information, please refer to the Office of State Purchasing website at <http://www.doa.louisiana.gov/osp/Contracts/FeaturedContracts.htm>

If you have any questions, please contact Tammy Grant, CPPB at (225)342-8038 or Tammy.Grant@la.gov

Re: Non-Renewal/Cancellation of Maintenance Agreement (See Attached)

Dear Accounting Manager:

<FACILITY>, located in <CITY>, <STATE>, has contracted with Specialty Underwriters' (SU) TELESERVE™, for a managed maintenance program effective <EFFECTIVE DATE>. This letter is to confirm that in accordance with the previous maintenance contract cancellation or expiration provisions, whichever is applicable, <FACILITY> is **non-renewing/cancelling** our maintenance agreement with your company. If applicable, all prorated funds must be refunded.

We wish to continue to utilize your service organization on a time and material basis. In the event that this equipment is going to continue to be repaired by you on a time and material basis, please follow billing procedures below.

Billing Procedures

When equipment is in need of a repair, you will be called by a TELESERVE™ Dispatching Engineer. They will issue you a P.O. number authorizing the work. The P.O. number must appear on your field service report and/or invoice in order to efficiently process payment to your company. The work order and invoice must be sent to Specialty Underwriter's office (address below) and **not** to <FACILITY> in order to receive payment.

State of Louisiana
c/o Specialty Underwriters LLC
P.O. Box 902
Oak Creek, WI 53154

Specialty Underwriters LLC will now be paying your company directly for all hardware corrective and preventative maintenance calls. Service technicians must call Specialty Underwriters upon arriving on-site. This is accomplished by calling a SU TELESERVE™ dispatcher while on-site at 800-833-7050 and referencing the P.O. number of the particular call. SU will be auditing service, tracking labor warranties and overseeing other related service matters.

We look forward to a continuing relationship and request you contact Chuck Giammo (800-558-9910) at Specialty Underwriters LLC in Oak Creek, Wisconsin, should you have any questions regarding servicing of our equipment or the dispatching of your company.

Sincerely,

<NAME>

MEMORANDUM

TO: All State Agencies and Political Subdivisions- Department
Undersecretaries: Purchasing Directors; Business Managers;
Colleges and Universities, Boards and Commissions

FROM: Denise *Lea* Director

DATE: June 2, 2005

RE: State of Louisiana Equipment Maintenance Management Program

On April 13, 2005, the Commissioner of Administration released a memorandum regarding the directives for the statewide equipment maintenance contract awarded to Specialty Underwriters, LLC. Each agency was to undertake an analysis in order to evaluate the potential for savings to the State.

It is not the intent of the Commissioner's memorandum for agencies to be without equipment maintenance coverage. Agencies are hereby advised to continue to process all maintenance orders for their equipment, as well as follow the procedures outlined in the Commissioner's memorandum. Agencies are advised to add the following clause to any renewal letters or when issuing a solicitation for equipment maintenance:

In the event the State chooses to maintain the equipment through the Statewide Equipment Maintenance Program Contract, the State of Louisiana reserves the right to cancel this contract, in whole or in part, with ninety (90) days written notice.

The clause should also be included on the subsequent purchase orders.

If it is determined after analysis that the Equipment Maintenance Contract is in the agency's best interest, the current maintenance contract should be cancelled with ninety (90) days written notice and a new order should be issued to Specialty Underwriters.

If you have any questions, please contact Tammy Grant, CPPB at (225)342-8038 or Tammy.Grant@la.gov.
